

WHILE YOU WAIT – SAFETY TIPS

While you wait for Grandmother's Touch Inc. to arrive, please take a moment to review the below list of suggested DOs and DON'Ts that may help to ease your mind during this difficult time.

YOUR SAFETY is of the utmost importance to us and for this reason if you are uncomfortable with any of the suggestions below, please wait for a Grandmother's Touch trained technician to arrive. We're on our way!

DOs

- ✓ If possible, eliminate the source of water
- ✓ Be cautious of slip hazards
- ✓ Contact a doctor if you have any health concerns
- ✓ ONLY IF it is safe - turn off the circuit breaker
- ✓ Remove and secure small furniture
- ✓ Protect carpet from staining using plastic wrap or plastic furniture tabs beneath furniture legs
- ✓ Remove and secure breakables

DON'Ts

- ✗ Use vacuum equipment to remove water
- ✗ Use newspaper on wet surfaces
- ✗ Use home fans to dry wet surfaces
- ✗ Walk across wet surfaces any more than necessary
- ✗ Activate the building HVAC system
- ✗ Adjust indoor temperature
- ✗ Enter an area with standing water
- ✗ Consume any food in the loss area, especially if water was from an unsanitary source
